- **Programming Languages:** Python, SQL
- **Process Improvement:** Lean Six Sigma Green Belt, Root Cause Analysis, DMAIC, Process Optimization

❖ Experience

Assistant Supply Chain Manager, Hyundai Bangladesh

Feb. 2022 – Jan 2023

- Onboarded 15 new vendors and reduced lead times by 25% for 200+ production materials
- Coordinated with warehouse and procurement teams to align production schedules with inventory availability, supporting 100% on-time delivery
- Managed monthly SKD (Semi-Knocked Down) planning cycles (\$55K budget), adjusting procurement plans based on consumption trends to minimize excess stock
- Developed automated inventory tracking tools using Python and SQL to identify slow-moving items

Senior Supply Chain Executive, Toyota Bangladesh

June 2018 – Jan 2022

- Executed Just-In-Time (JIT) inventory strategies, increasing parts availability by 20% while reducing warehouse holding costs
- Generated rolling demand forecasts for 120+ high-value SKUs using historical sales data, improving forecast accuracy and reducing stock-outs.
- Led a 20-person cross-functional team to align product analysis, warehouse, and logistics operations

Procurement Officer, Walton Group

Feb 2016 – May 2018

- Analyzed supplier lead times and shipment schedules, reducing after-sales parts delivery delays by 40%
- Planned and executed initial spare parts stock deployment for new product launches, managing a \$52,000 procurement budget
- Managed third party logistics (3PL) for the local & international shipments of parts and machinery

❖ Professional Certifications

- Lean Six Sigma Green Belt, Kennesaw State University, [Coursera](https://www.coursera.org) | 2026
- Google Data Analytics Professional Certificate, Coursera | 2026

❖ Education

Doctor of Engineering, Industrial Engineering, Lamar University, USA

2025 - Present

M.S in Industrial Engineering, Lamar University, USA

2023 – 2024
